HOBBIES

EDUCATION

2021 - Present 6.1 GPA	**Lovely Professional University, Jalandhar** B.Tech (CSE)
2016 - 2017 66.6%	**Happy Children Sr. Sec. School, Jalore** Science Maths - 12th
2014 - 2015 67.3%	**Adarsh Vidhya Mandir School, Jalore** 10th

PROJECTS

04/18 - 05/18	**Home Automation** This project is based on Arduino and some elements of IoT. From this project, I learned how Arduino works and how Bluetooth is being used in the field of Home Automation.
06/19 - 07/19	**Android App Development** This application is made up during the summer training and from that training or after building this project, I learned how native android applications are being developed and how to made easy UI for better navigation.
10/19 - 12/19	**Data Analyze with MS Excel** Worked on the data cleaning as well organized the data in such a manner that data looks cleaner, easy to navigate and easy to perform such operations on that.

CERTIFICATION

07/2019	**Completed the Summer Training certification in Native Android app development**
03/2020	**Coordination in All India Research Championship 2019-20 Zonal Hackathon conducted by TechieNest with Techkriti IIT,Kanpur**
